

## **TERRA TILLERS GARDEN CLUB**

**Meetings are 1st Monday of every month at 7:00 PM**

Terra Tillers Garden Club meets in a member's home at 7:00 PM the first Monday of each month. One of the few evening clubs, we were established in 1960 by a group of new homeowners who were establishing their gardens and were working the earth; thus, the name Terra Tillers. At that time, most of the members lived in the Lake Hills neighborhood of Bellevue. Now our members come from various parts of Bellevue and Kirkland, though we welcome anyone who shares a love of nature, plants and creative design using flowers.

Our fifteen members are diverse in age and interest and our programs are planned to reach each member. We often have guest speakers on topics of horticulture, design, conservation and landscape. As an individual garden club, we put on a flower show every two years which is open to the public and is usually held in a library. Some of our members also belong to the two designer's guilds in the District. We are proud of our long and active participation in East Lake Washington District of Garden Clubs. Come share gardening tips, plants, garden tours, picnics and parties with us. We always welcome visitors and new members. Contact Linda McClenahan, via [info@elwd.org](mailto:info@elwd.org) for information about the next meeting.
